B. Specific Charges.

The Consultant's primary employees who will work on the Project and their billing rates are set forth Appendix "A," which is attached hereto and made a part hereof. Except where a lump sum is otherwise contemplated in Appendix "A," the Town will pay the Consultants on the basis of their time and direct expenses incurred in order to provide the services required by this Agreement, including where additional or extra services are required.

1. The charge for time shall consist of the hourly rates for the Consultants' employees multiplied by the number of hours and parts of hours each such

employee works directly on the Project. The time each such employee must spend traveling in order to provide the services required by this Agreement will be charged in the same way as his or her other time spent working on the Project. Such direct expenses shall include printing costs and long-distance telephone charges. Any direct or indirect expenses incurred by the Consultants while working on the Project that are in common with work on other projects for other clients shall be prorated among all those clients according to the benefit derived by each client. D. The Town, in its good faith judgment, determines that the portion of the compensation then remaining unpaid will not be sufficient to complete the Project or any task according to this Agreement. In such case, no additional payments will be due to the Consultants until the Consultants, at their sole cost, perform a sufficient portion of the Project or task so that the Town determines that the compensation then remaining unpaid is sufficient to complete the Project or task.
